

Training of the TMSA 3; Requirements- A Detailed Analysis

Dates: Two(2) Days

Course Objectives

To provide useful insight to all those involved in implementation and auditing of the TMSA 3 requirements for all day to day operational aspects, with respect to the Key Performance Indicators and Best Practices guidance established by OCIMF. Delegates will acquire – through accelerated training techniques - both theoretical knowledge & practical insight for the interpretation of the requirements posed by all the Elements addressed by TMSA 3, which will be thoroughly examined.
