TECHNICAL CIRCULAR

Circular No: S.P 25/13

Revision: 02

Page: 1

Adoption Date: June 2016

Related Requirement: TL- I SC 171, TL- I SC 183, LL 67, MPC 10 (Rev.1, November 2005)

Subject: Interpretation on Classification and Survey

Entry into Force Date: Provided for each item separately

TL- I SC 171 , Interpretation of the term "First Survey"

The term “first survey” which is referenced by a regulation in SOLAS 74, as amended.

Interpretation

Unless indicated otherwise, when the term “first survey” is referenced by a regulation in SOLAS 74, as amended, it means the first annual survey, the first periodical survey or the first renewal survey as applicable to the relevant certificates, whichever is due first after the date specified in the relevant regulation or any other survey if the administration deems it to be reasonable and practicable, taking into account the extent of repairs and alterations being undertaken.

For a ship under construction, where the keel is laid before, but the ship is delivered after, the date specified in the relevant regulation, the initial survey is the “first survey”, and this ship needs to comply with the relevant regulation when it is delivered.

Note:

This **TL- I SC 171** is implemented from 31 December 2008.

TL- I SC 183, LL 67, MPC 10 (Rev.1, November 2005), Endorsement of Certificates with the Date of Completion of the Survey on which they are based

“Resolutions MSC.170(79), MSC.171(79), MSC.172(79), MSC.174(79) through MSC.179(79) and MSC.181(79) through MSC.187(79) require that the identified certificates include the statement:

"Completion date of the survey on which this certificate is based: dd/mm/yyyy".

Interpretation

For application of the above resolutions, the following IACS Unified Interpretation applies:

The “Completion date of the survey on which this certificate is based”, is the date of the last initial/renewal survey visit on which all statutory and class items, required to be surveyed, have been surveyed (regardless if they were found satisfactory or with minor deficiency).

Note:

This interpretation is implemented from 1 March 2004.
